RECOMMENDATIONS TO SCHSL: Proposed Changes 2025

The following recommendations have been approved by the SCFOA Board of Directors as suggestions to the SCHSL when selecting officials for playoffs, post season games and certain games utilizing seven-man ~~crews~~crews.

A. Selection of Officials:

On certain regular season games, as well as some post season games, the SCHSL may utilize seven- man field crews. The selection of the basic five officials (R, U, L, LJ, and BJ) for ~~seven-man~~seven-man crews typically is, and has historically been, based on rankings at each of these basic five positions even though all selections are at the complete discretion of the ~~Commissioner of Officials~~ SCHSL designee. Selection of officials for the 6th and 7th field positions (FJ and SJ respectively) on seven-man crews is at the complete discretion of the ~~Commissioner of Officials~~ SCHSL designee. This selection of the 6th and 7th field position will be made from the pool of officials viewed by the ~~Commissioner~~ SCHSL designee as qualified and capable of working the assignment with limited regard to the official's current SCFOA ranking. For state finals selection, however, eligibility for inclusion in the pool of officials considered for the 6th and 7th field positions requires an official to be ranked in the top 15 at their respective position.

B. State Finals Officials Selection.

For selection as a State Finals Official, the top eight eligible rated officials at each position will be assigned a State Finals game. The assignment may be on the field or as an E.C.O or P.C.O. and will selected by the SCHSL designee.

~~B.C.~~ C. Consecutive championship games allowed to officiate:

~~Starting with the 2010 South Carolina Football State Championship games, no~~ No official may work more than three (3) consecutive state championship games, regardless of the classification or their position.

~~C.D.~~ D. Side Judge/Field Judge selection for championships:

~~Starting with the 2010 South Carolina Football State Championship games, no official may work consecutive state championship games at the Field Judge and/or Side Jude positions.~~

~~D.E.~~ E. Use of carry-over provision by an official:

An official must work a **minimum of seven (7) varsity games on the duringfield during** the regular season to be eligible for a play-off assignment.

If an official works six (6) or less varsity games on the field during the regular season, then the official will revert to the previous year's ~~overall-rating~~peer rating for the subsequent football season. This "carry-over" provision may be used by an official only **ONCE** during their officiating career. During the football season when ~~the official~~the official is using this provision, he/she forfeits the opportunity to officiate the Shrine Bowl game, the North-South All-Star Game, or any playoff contest beyond the quarterfinals. The carry-over rating will not be used to allow an official to gain an all-star game or a state semi-final or state final game.

District 5 Playoff/All Star Proposals

Proposal 1: Referees and Umpires are not allowed to work more than 2 consecutive state championship games at their rated position.

Rational: In general, Referees and Umpires have few on field possibilities when compared to other positions. The opportunities for Referees and Umpires to work the Side Judge or Field Judge position are limited due to numerous factors including mobility. Reducing the number of consecutive games offers more opportunities to deserving officials.

Proposal 2: Starting with the Quarterfinal round, use 8 man on field crews to incorporate a Center Judge (CJ) position. The CJ position would be reserved for rated Referees and Umpires.

Rational: Adding a CJ position would give Referees and Umpires more on field opportunities and reserve the Side Judge and Field Judge slots for officials more accustomed to working the sideline or deep down field. The NCAA mechanics could be used for the 8 man crew.

Proposal 3: Officials moving to a new rated position would NOT be eligible for a State Final and/or All Star Game.

Rational: With the new rating system of using current year scores, officials moving to a new position are now eligible to work State Finals and All Star games immediately. Officials moving to a new position should have a full year of experience prior to becoming eligible for working a State Final and/or All Star game at their rated position.

Proposal 4: District Directors will compile a list of officials willing to accept a playoff ECO assignment. There will be no penalty if an official declares in advance their unwillingness to work an ECO assignment. However, if an official declines a ECO playoff assignment without a written excuse then 2 cooperation points will be following year's rating.

Rational: Some officials are not willing to work ECO assignments. It is less work for SCHSL staff to know in advance who is and who is not willing to work as a ECO. It is better for crew morale to have all officials invested and interested in their assignment.

- Chip Dickert: Recommendation to Table Discussion
- Darryl Jackson: Governance Committee to Review both proposals.

C. 2025 SCFOA Annual Clinic and Exam -Garrick Messer
Presented Proposal for Board to Consider. All Day Clinic at
Columbia Convention Center.
Cost Approximately 10,500.00
All Day event.

➤ Thoughts:

District 1: Excited, concerned about the cost and change of annual meeting per By Laws.

District 2: Great Concept, trying to be consistent.
Concerned about all day event and cost.

District 3: In favor, we must do something to get better, concerned about the cost.

District 4: Moving too Fast. His District voted against this concept.

District 5: In favor

District 6: Like Idea, Leaders of Classes should be SCFOA Officials.

District 7: Like Idea, Consistency is needed. Concerned about participation.

District 8: In Favor, Participation cannot be required. Need a permanent clinic committee, do not pack too much information into the clinic. It won't be perfect but let's make it better

District 9: In Favor, Great for our officials

District 10: Great idea, By Law change would be required. There would have to be voluntary attendance. His district voted against this 37-2. We would be paying 1300.00 an hour to pass out certificates.

District 11: In favor, Great to get everyone on same page.

District 12: Concerned about cost and participation. His district is not in favor of this event.

District 13: Left Meeting.
